Our creativity
is a **natural t'ing!**

Our culture is a creative one. We can protect our forests by encouraging the use of sustainable materials to create industries rather than engaging in activities such as cutting down trees and burning coal.

Paradise needs protection.

JN volunteers participate in beach clean-up, and we all can get involved. When we avoid disposing of garbage in gullies, waterways and at sea, we are protecting habitats as well as our coasts during extreme weather.
